Clinical Training

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

- **32+ million** patient encounters
- **7.4 million** emergency room visits
- **215,000+** babies delivered

HCA Healthcare Graduate Medical Education is a leader in clinical experience:
- Nationally known physician expertise across the country
- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

Educational Excellence

Learn from nationally-recognized experts through data-driven, specialty-focused, collaborative didactic experiences with other residents throughout the HCA Healthcare network.

Multidisciplinary core clinical concepts curricula aligned with fulfilling HCA Healthcare’s mission of “Above all else, we are committed to the care and improvement of human life,” with a special focus on health systems science, telehealth delivery, interprofessional communication, cultural competence and wellbeing.

Specialty-specific focus on simulated procedural training in both group and individual learning formats to provide hands-on experiential opportunities for skill development, while providing safe patient care.

Ongoing, individualized formative feedback, coupled with attributed patient outcome data from program faculty, designed to improve resident delivery of patient care.
