OLD JIM

I saw old Jim the other day
And you know what he said,
"Today may be the day"
Funny for Jim to talk that way.

Old Jim, he knows what he knows
And almost brave, he fights every day
See, he isn't ready enough to go
But, old Jim, he's in a bad way.

Sickness got him through and through
Fooled old Jim and it can fool you too
A young Jim thought he was here to stay
Never realized he'd have to go away.

Went up to see old Jim today
To tell him we're all only one day away
From the day that may be our day
But bless old Jim, he left today.
