## Clinical Training

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

**43+ million** patient encounters  
**9 million** emergency room visits  
**212,000+** babies delivered

HCA Healthcare Graduate Medical Education is a leader in **clinical experience**:

- Nationally known physician expertise across the country

- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

## Educational Excellence

Learn from nationally-recognized experts through **data-driven, specialty-focused, collaborative didactic experiences** with other residents throughout the HCA Healthcare network

**Multidisciplinary core clinical concepts curricula** aligned with fulfilling HCA Healthcare's mission of "Above all else, we are committed to the care and improvement of human life," with a special focus on health systems science, telehealth delivery, interprofessional communication, cultural competence and wellbeing

**Specialty-specific focus on simulated procedural training** in both group and individual learning formats to provide hands-on experiential opportunities for skill development, while providing safe patient care

Ongoing, individualized **formative feedback**, coupled with **attributed patient outcome data** from program faculty, designed to improve resident delivery of patient care
