

## Editorial

# An Acknowledgement to the *HCA Healthcare Journal of Medicine's* Reviewers and Editors for the First Half of 2023

Bruce Deighton, PhD<sup>1</sup>; Hossein Akhondi, MD<sup>2</sup>; Barbara L Gracious, MD<sup>3</sup>; David Scott Lind, MD<sup>3</sup>; Graig Donini<sup>1</sup>

### Abstract

#### Description

The *HCA Healthcare Journal of Medicine* would like to thank those behind the scenes who make this publication possible. Our journal would not be possible without the assistance of our peer reviewers, authors, and board members. We also announce our inclusion in PubMed Central.

#### Keywords

scholarly communication; peer review; research; open-access publishing; education, medical, graduate; medical journalism

The *HCA Healthcare Journal of Medicine* shares its sincere thanks to the reviewers and editorial staff who have contributed to the journal in the first half of 2023. We also congratulate and thank our editorial board, authors, reviewers, and journal staff for getting the journal into the National Institute of Health's PubMed Central Index.

The process of getting an independent journal into PubMed Central can be challenging. The criteria for inclusion are vague, and you don't know exactly what you will be judged on until after the review process is completed. If you look at the list of recently added journals to PubMed Central, you will find that most are published by journal publishing houses. Independent journals don't often find an easy path to indexing, so it is a great accomplishment to have all our content available on the preeminent index for medical research. The journal will maintain the same, bimonthly publishing schedule and will remain free of subscription and author processing fees.

As of 2023, the journal now has 3 social media accounts to continue our attempts at reaching

a diverse audience. The journal can be found on Instagram (@hcajom1), LinkedIn (<https://www.linkedin.com/company/hcajom1/>), and Twitter/X (@hcajom1). Please consider following us on one of these social media platforms and encouraging others to do so as well. The journal also provides an interview series with additional insight into the articles we publish as well as conversations with physicians on topics of interest to our readers. All of our audio interviews can be found at: [https://scholarlycommons.hcahealthcare.com/hca\\_jom\\_interviews/](https://scholarlycommons.hcahealthcare.com/hca_jom_interviews/).

As always, we encourage our readers to consider submitting their work, both scientific and artistic, and ask them to consider sharing their expertise as peer reviewers. Authorship and peer review with the journal are forms of scholarly activity recognized by the ACGME.

Thank you for your continued support of the *HCA Healthcare Journal of Medicine*.

Author affiliations are listed at the end of this article.
